

Sumac Donations Online – Screen Shots

These screen shots show Sumac Donations being used from the website of a sample nonprofit organization.

Note that your nonprofit organization provides an HTML header and footer to customize the appearance of each page. In the screen shots below, these are just black rectangles containing the text “Non-Profit Organization's Page Header” and “Non-Profit Organization's Page Footer” respectively.

In addition to a custom page header and footer, you have several options to alter the appearance of the screens. The screen shots below show only default fonts and sizes.

Start Donations

A link from your existing website transfers to the page where a donor can identify himself in order to make the donations. He can identify himself with his email address and a password. If he has forgotten his password, he can get it emailed to him. If he is a new donor, he can enter all his details.

Make the Donation

After identifying himself, the donor enters credit card information to make the payment. Note that the donor can, optionally, specify the fund to which the donation should be applied. When the donor clicks DONATE, the payment and donation details are processed and saved into the Sumac database. The screen changes to one that thanks him for his donation. Sumac also sends an email confirmation (for which you can specify a template).

The screenshot shows a Mozilla Firefox browser window titled "Donation for Vancouver Hospice Society - Mozilla Firefox". The address bar shows "http://". The page content includes a header box with the text "Non-Profit Organization's Page Header", a main heading "Donation", and a text box with instructions: "Enter payment information then click DONATE to authorize the payment. We will email a confirmation message. If you do not receive the email, or seem to have been disconnected, please call us." Below this is a form for Wendy Brown (wendy@gmail.com) with fields for Card Type, Card Number, Security code, Expiry Date, Name on Card, Apply the donation to, and Amount you are donating. A "DONATE" button is present. At the bottom, there is a "Leave" button and a link "return to the Vancouver Hospice Society website". The footer box contains the text "Non-Profit Organization's Page Footer".
